## SUMMARY

---

Computer Science student and MERN Stack Developer passionate about building scalable, responsive, and user-friendly web applications. Interested in full-stack development and continuously learning modern web technologies.

## EDUCATION

---

**B.Tech in Computer Science**, Shri Ram Institute of Science and Technology 2022 - 2026

**12th Grade**, Govt. Higher Secondary School Medical College, Jabalpur 2022

**10th Grade**, Pragti Public Higher Secondary School, Jabalpur 2020

## SKILLS

---

|                              |                                                                        |
|------------------------------|------------------------------------------------------------------------|
| <b>Programming Languages</b> | Java, JavaScript, SQL                                                  |
| <b>Frontend</b>              | HTML5, CSS3, Bootstrap, Tailwind CSS, React.js                         |
| <b>Backend</b>               | Node.js, Express.js                                                    |
| <b>Database</b>              | MongoDB, MySQL                                                         |
| <b>Tools</b>                 | Git, GitHub, VS Code, Postman                                          |
| <b>Soft Skills</b>           | Teamwork, Communication, Problem Solving, Adaptability, Quick Learning |

## PROJECTS

---

**Video Calling Web Application** [GitHub Link](#)

Developed a real-time video calling application with room-based conferencing and secure audio/video communication using ZegoCloud UIKit. Implemented client-side routing and responsive UI. **Tech Stack:** React.js, Vite, Tailwind CSS, ZegoCloud UIKit.

**Inventory Management System (MERN)** [GitHub Link](#)

Developed a full-stack inventory management system using MERN stack with secure JWT-based authentication and role-based access control. Implemented features for product management, stock in/out tracking, and real-time dashboard analytics with charts and KPI insights. **Tech Stack:** React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS, Recharts.

## INTERNSHIP

---

- **React.js Intern** 2026  
Worked on frontend development using React.js and responsive UI design. Developed reusable React components, optimized user interfaces, and applied modern development practices. Demonstrated strong problem-solving abilities and quick learning skills throughout the internship.
- **ServiceNow Virtual Internship Program** April 2026  
ServiceNow University — AICTE — SmartBridge  
Completed training on ServiceNow fundamentals, including Flows, Automated Test Framework (ATF), Reports, and Agentic AI. Gained practical exposure to workflow automation, platform administration, and enterprise application development concepts.

## CERTIFICATIONS

---

- **Complete Web Development Certificate** [View Certificate](#)
- **ServiceNow Virtual Internship Program Certificate** [View Certificate](#)
- **React.js Internship Completion Certificate** [View Certificate](#)
